Alan and Karen,

Good afternoon. I heard from the Embankment Coalition that property owners along Fifth and Sixth Streets have been notified by the STB about the Sept 28 public meeting. However, I am a property owner on Sixth Street and received no such notice. I learned about it only from local sources. This is unacceptable. How can I attend such an important meeting that I have no knowledge of? When an action is promised, but not acted upon, it is a lie.

Sincerely,
Michael Kopf
