Dear Surface Transportation Board,

I am a resident of Jersey City, NJ.

1. Please do everything in your power to preserve the historic embankment as an important urban oasis.
2. This right of way is an important light rail extension path that would serve an already dense and growing part of Jersey City. The light rail extension is envisioned in Jersey City's circulation master plan. Once destroyed, this right of way and important resource will be gone forever. [1]
2. Conrail must be held accountable for its unlawful sale to various LLCs
3. Although I do not reside in the Harsimus Cove Neighborhood, I give full support to the association's letter to you.

Thank you,
James Lee
