Happy Wednesday Mr. Tabachnick,

I am a resident and owner of a home in downtown Jersey City. My home is on 5th St with the embankment sitting immediately behind my home. I've lived in this area since 2009 and purchased this home in 2017. If the embankment were allowed to be torn down this would have add mmense pain to my family and I due to not knowing what would arise from the demolition. The effects could end up being direct or indirect and can be physical, visual, auditory and atmospheric. So please think of the actual residents here that would be affected when making your decision. I was on the call when almost 80 of my neighbors voiced their opinion and I just want to make sure I left my comments with you as well. Have a blessed day.

Best,

Danny Victor/Founder
