Public Record

**RE: Docket No. NOR 42178, Navajo Transitional Energy Company, LLC – Ex Parte Petition for
Emergency Service Order**

Dear Ms. Brown,

BNSF respectfully submits the attached data for the week ending October 25, 2023 in accordance with the Board's June 23, 2023, decision in the above-referenced proceeding.

BNSF provides the following information to the Board related to BNSF's service.

Reporting Period

As indicated in previous reports, BNSF defines a week as running from each Thursday to Wednesday of the following week. For this report, the backward-looking data includes traffic moving between Thursday, October 19, 2023, and Wednesday, October 25, 2023, and the forward-looking data includes traffic expected to move between Thursday, October 26, 2023, and Wednesday, November 1, 2023.

Factors Impacting Capacity and Cycle Times

As BNSF has discussed in recent reports, BNSF continues to work through the process of repairing railcars damaged by Westshore's unloading equipment before it was taken out of service on August 26, 2023. BNSF has been able to move some available railcars into export service to replace the damaged railcars and reduce the impact of the required repairs. BNSF will continue to look for opportunities to mitigate reduced train length until it is able to complete the repair of the railcars and put them back into service.

Last week BNSF projected four (4) NTEC export coal trains leaving Spring Creek Mine between October 19, 2023 and October 25, 2023; BNSF's actual traffic level for this period was five (5) NTEC export coal trains.

Sincerely,

A handwritten signature in blue ink that reads "Jill Rugema". The signature is written in a cursive, flowing style.

Jill Rugema
General Attorney
