Good afternoon Kevin,

Although we agreed that it would be beneficial for your contractor to continue installing signs during our site visit with SHPO and the Tribes tomorrow, we are concerned about safety issues associated with the demobilization still occurring at [REDACTED] while we are walking the site. There was a boom truck on-site today actively removing materials, as well as other trucks and equipment removing construction materials. If the demobilization is going to be complete today, then

no concern. If it will not be complete today, we'd prefer that they pause their activity tomorrow during our field visit. Is that possible? We believe it is BZI and Kincaid—subs to Clayco—doing the work.

Thank you,
