Good morning. I wanted to let you know that UP will likely be reaching out to you directly to discuss the damage to the archaeological sites within the APE. This outreach is separate from our agency's NEPA and Section 106 process, but I wanted you to be aware. This outreach does not replace any of the measures we are currently, or will be, taking as part of the regulatory process. If you have any questions about this, or any concerns, please reach out to me. Thanks very much.

Alan Tabachnick
