Subject: RE: Port KC MRT Rail Project (FD 36406) - Archaeological Survey Scope of Work

Alan,

Thank you for submitting information on the above referenced project for our review pursuant to Section 106 of the National Historic Preservation Act (P.L. 89-665, as amended) and the Advisory Council on Historic Preservation's regulation 36 CFR Part 800, which require identification and evaluation of cultural resources.

We have reviewed the information provided by your office related to the proposal for conducting archaeological survey in conjunction with the Port KC MRT Rail Project. We agree that the proposed plan represents a good and appropriate strategy for the identification of historic properties in the project area and have no objections to it.

Best,
Jeffrey Alvey

Subject: Port KC MRT Rail Project (FD 36406) - Archaeological Survey Scope of Work

Attached please find the archaeological scope of work for the proposed Port KC MRT Rail Project, located in Kansas City, Missouri. It was developed in accordance with appropriate state and federal guidelines. Please review this document and let us know any comments or concerns that you may have. It is anticipated that work in the field could start in the last quarter of 2021 so please provide any comments to me prior to October 20th.

If you would like to discuss any of the items in the SOW, let me know and we can set up a meeting. Looking forward to continuing consultation on this important project with everyone.

Thanks very much.
