Subject: RE: Docket No. FD 36406, Port Authority of Kansas City – Initiation of NHPA §106 Consultation

Hello,

We received your email regarding the review of the above named project. Unfortunately, we do not accept digital copies of Section 106 submissions at this time, unless you have been approved by one of the reviewers to do so. The preferred method is to mail a hard copy to the address on the Section 106 Project Information Form. <https://mostateparks.com/sites/mostateparks/files/780-1027-f.pdf>

We will accept this digital submission, but please send all future submissions by mail unless directed otherwise.

Thank you.

Ms. Chris Tellman
Lead Administrative Support Assistant

Subject: Docket No. FD 36406, Port Authority of Kansas City – Initiation of NHPA §106 Consultation

Greetings,

On behalf of the Surface Transportation Board's (STB) Office of Environmental Analysis (OEA), I am writing you to request your review of the attached documentation relating to an application by the Port Authority of Kansas City (Port KC) to construct and operate approximately 1.7 miles of new rail line (proposed rail line). The proposed rail line would connect the Missouri River and the Missouri River Terminal (MRT) to an interchange point with the Kansas City Terminal Railway Company (KCT) in Kansas City, Missouri.

The attached letter formally initiates consultation pursuant to Section 106 of the National Historic Preservation Act and informs you that OEA will be starting an environmental and historic review of the proposed rail line. Currently, the consultation period is 30 days and thus we kindly request your response by May 26, 2021.

Should you have any questions, please contact myself or OEA's Project Manager, Adam Assenza (Adam.Assenza@stb.gov).

Regards,

Alex

Project Manager, ICF, third-party consultant for OEA.
