RE: STB Docket No. AB 55 (Sub-No. 813X), CSX Transportation Inc. Abandonment Exemption, Albany Division, Boston Subdivision, Fitchburg Branch, Between Milepost QBU 4.2 to Milepost QBU.4.58, Municipality of Leominster, Worcester Co., MA. MHC #RC.73938.

Dear Director Gosselin:

Staff of the Massachusetts Historical Commission (MHC), office of the State Historic Preservation Officer, have reviewed the Surface Transportation Board's (STB) Supplemental Final Environmental Assessment dated February 15, 2024 for the undertaking referenced above, received by the MHC on February 20, 2024, and the MHC's files.

Review of the MHC's files indicates that the undertaking consists of the abandonment of an approximately 0.38 mile section of rail line of CSX Transportation Inc.'s (CSXT) Albany Division, Boston Subdivision, Fitchburg Branch, located between Milepost QBU 4.2 and Milepost QBU.4.58, in the City of Leominster, in Worcester Co., Massachusetts ("the Line").

The STB Environmental Report dated October 10, 2023, received by the MHC on October 18, 2023, indicates that the undertaking consists of the following: "CSXT intends to sell the Line to the City of Leominster (the 'City') [...]. The purchase by the City will extend its current trail that runs between QBU 4.0 – QBU 4.2. Abandonment of the Line will result in the removal of the rail, crossties, and possibly the upper layer of ballast. CSXT does not intend to disturb any sub grade or sub grade structures. Any trail related structures, such as bridges, trestles, culverts and tunnels will not be salvaged."

The MHC concurs with the STB's determination of "no historic properties affected" (36 CFR 8004(d)(1)) for the undertaking.

These comments are offered to assist in compliance with Section 106 of the National Historic Preservation Act of 1966 as amended (54 USC 306108; 36 CFR 800). Please contact me if you have any questions.

Sincerely,
