Melanie and Lou,

Hello, and I hope this finds you well.

It's now been about six months since OEA sent the updated MOA around for signature in AB-1243X. With the MOA for the adjacent rail line in development, I'd like to know the status of the pending applicant signature here.

OEA has no pending action in AB-1243X until the signatures are returned and the MOA executed, but we'd appreciate an update.

Thanks,

Adam

Subject: FW: AB-1243-X: New MOA for signature

Hi Melanie and Lou, and Happy New Year;

In mid-November, we sent the new MOA in AB-1243-X for signature, as the previous one had expired before terms could be met. Can you please give us an update on when we can expect to receive this signed MOA back from the Applicant, so SHPO can add their signature and we can execute it?

Thanks,

Adam Assenza

Subject: AB-1243-X: New MOA for signature

Hello Melanie and Lou,

As the original MOA in AB-1243-X has expired without its terms being fully completed, we are recirculating a new MOA for signature with regard to this proceeding. After Patriot Woods' representative adds their signature, please Reply All so that SHPO may add their signature last to execute the agreement.

Thank you for your ongoing cooperation,

Adam Assenza
