Maggie,

I understand from your previous email that Jacobs can perform the survey the first week of July, thank you. I have confirmed with Garreth that CNR will start their work around 6am Tuesday 7/9. Please reach out to Garreth, (520) 358-5541, to coordinate meeting on site to perform the monitoring.

Thank you,

Thank you Maggie, looping in Garreth Llewellyn with CNR (520) 358-5541.

Garreth: See below from Maggie Buckley with Jacobs. Please schedule your work in July and reply back to this group with 10 days notice to allow Jacobs adequate time to perform the bird survey.

Kris, our team is generally available during the month of July. Can we ask that CNR give us ~10 days notice of when they'd like to do the work? We have to conduct the bird surveys within the 7 days leading up to the mowing, so 10 days notice will give us time to schedule that.

Thank you,

Maggie Buckley

No, they just asked for a week notice and to get the work in before the rain in August.

Hi Kris, does CNR have a particular week in mind that they'd like to do the work?

Thank you,
