Docket No. AB-55 (Sub-No. 818X)

**CSX TRANSPORTATION, INC.–ABANDONMENT EXEMPTION– IN
MARION COUNTY, IN**

VERIFIED NOTICE OF EXEMPTION

National Association of Reversionary Property Owners (NARPO) finds two things that are misrepresented in this Abandonment Exemption request. First, the tracks in this abandonment have been removed for many years with only the bridge over Eagle Creek and a few road crossings having any tracks remaining, especially south of Minnesota Street. Many of the numerous industrial companies having reversionary right to the underlying railroad right of way have been using portions if not all of the right of way in this abandonment exemption for many years and plan to continue to do so.

Second, the verified statement by Elizabeth Peterson has the wrong mileage total in her Verified Statement.

The many businesses along this soon to be abandoned right of way would not like to see any hint of a trail or other public use over their property.

Richard Welsh, exec. Director NARPO
