

Re: **STB Docket No. FD 36818**

I am a resident of Eugene, Oregon. I strongly oppose this Central Oregon & Pacific Railroad, Inc. - Lease and Operation Exemption Including Interchange Commitment - Union Pacific Railroad Company. It is Docket No. FD 36818.

It is a very real danger to our community to change from a UPRC Class I rail yard to a CORP Class III. The rail cars carry chlorine, anhydrous ammonia, urea, phenol and methanol - and may also be carrying biofuels - through neighborhoods. Class III has limited liability for "accidents" like Class I does and doesn't hire union workers who have been highly trained in safety.

This MUST be stopped!
