RE: Docket No. FD 36616, Savage Tooele Railroad Company – Construction and Operation Exemption – Line of Railroad in Tooele County, Utah; Preliminary Consultation

Melissa McCoy:

Savage Tooele Railroad Company (STR) is seeking authority from the Surface Transportation Board (Board) to construct and operate a new railroad line in Tooele County, Utah, which would in part encompass the reactivation of common carrier rail service over a segment of a previously abandoned rail line. As part of its licensing process, the Board will conduct an environmental review under the National Environmental Policy Act (NEPA). Pursuant to NEPA and the Board's environmental rules at 49 C.F.R. Part 1105, the Board's Office of Environmental Analysis (OEA) will prepare an environmental document that evaluates the potential environmental impacts of the proposed rail construction project.

OEA is beginning the process of gathering information on the project area and project-related issues and concerns. We are writing to you to ask you for information on any environmental resources that may be affected by the proposed project and request your comments. Information collected will assist us in preparing the appropriate NEPA document for the proposed project.

Project Background

STR is a non-carrier, wholly owned subsidiary of Savage Enterprises, LLC both of which are subsidiaries of the Savage Companies (founded in Utah in 1946). STR is seeking authority from the Board to reinstitute common carrier freight service over an approximately six-mile segment of a former 15.8-mile branch line (the former "Warner Branch" segment) and construct approximately five miles of new railroad line to extend the reinstated railroad line to and into a

planned developed business and industrial park in Grantsville, Utah, shown in the attached Figure 1. STR would construct track within the business park pursuant to a lease and/or a permanent easement obtained from the business park owners. STR anticipates that the track construction within the park would be phased in over time as the park secures new tenants. The approximately eleven miles of railroad line would re-establish the former branch line's connection to Union Pacific's (UP) Shafter Subdivision at Burmester, Utah, and STR would provide common carrier service over the combined reinstated rail line and newly constructed track to enable tenants of the business park to receive and ship commodities by rail.

Request for Comments

OEA would like to hear from you regarding whether this proposal would require permitting, should additional fieldwork be needed, or any other requirements or concerns from your agency. Please submit your response within 30 days, so that we may begin the process of identifying the potential impacts of the proposed project.

All filings and other submissions can be submitted electronically through the Board's website at <https://stb.gov>. To submit a comment, select "File an Environmental Comment" (below the "Need Assistance?" button) on the Board's home page. Please make sure to refer to Docket No. FD 36616 in all correspondence, including e-filings, addressed to the Board. Brief comments can be typed in the comment field provided, and lengthier comments can be attached as Word, Adobe Acrobat, or other file formats.

You may also send written comments to Andrea Poole, OEA's Project Manager for the environmental review by mail to:

Andrea Poole
Surface Transportation Board, OEA
Docket No. FD 36616
395 E Street SW
Washington, DC 20423

While paper filings are once again being accepted in accordance with the Board's regulations, stakeholders are strongly encouraged to continue to submit filings via the Board's e-filing system and to consent to e-service of decisions.

We look forward to your participation in the environmental review process. If you have any questions or would like to arrange a call, please feel free to contact Andrea Poole of my staff at 202-245-0305 or by email at Andrea.Poole@stb.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Danielle Gosselin". The signature is fluid and cursive, with the first name "Danielle" written in a larger, more prominent script than the last name "Gosselin".
