Good morning,

I've been assigned as the project manager for USACE project SWF-2025-00128, Texas

Materials Proposed Rail Line-FD 36815. I have a few questions about the project that would help guide my review and comments. Would you please provide me with the contact information for the applicant? If they're working with a consultant, would you provide their contact information as well?

Thank you,

**Julianna Kurpis**
