Comments will be accepted through Monday, **April 29, 2024.**

Please refer to STB Finance Docket No. FD 36652 in all correspondence.

The proposed Green Eagle Railroad will negatively impact the City of Eagle Pass and Maverick County. The proposed Railroad is projected alongside Seco Creek, a water tributary that feeds into the Rio Grande River, and the proposed Railline ~~is~~ will be constructed in the floodzone. ~~What~~ Should the railroad have a spill or accident upon transporting hazardous materials the Rio Grande River will be contaminated. The Rio Grande River is the only water source for our Region. The water intake ~~plant~~ for the residents of the community is located downstream from the proposed railroad. ~~Should~~ In Addition, having a second railroad transit through our community will increase air pollution, diminishing the air quality for the residents of Maverick County. The proposed railline is also going to pass alongside residential homes, these homes existed before the railline. These impacted homebuyers property value will diminish and these →
