Re: Finance Docket No. 36500 (Sub-No. 6), *Canadian Pacific Ry. – Control – Kansas City Southern (General Oversight)*

Dear Ms. Brown:

I am writing on behalf of Canadian Pacific Kansas City Limited and its U.S. rail carrier subsidiaries (collectively “CPKC”),¹ to provide a replacement for the Highly Confidential version of the Gateway Data File submitted with CPKC’s June 2025 Data Submission (CPKC-33).

The replacement Gateway Data File (named “STB_FD_36500_6_GATEWAY_HC_2025_06_202506271523.csv”) makes two sets of changes:

- The replacement file corrects mis-ordering of certain “primary keys” that resulted from an erroneous sort of the data during the preparation of this file.
- The replacement file also now conforms to the data layout used in prior Gateway Data Files—specifically the use of Primary Keys 1-4992. Instead of reporting

¹ CPKC’s U.S. rail carrier subsidiaries include Soo Line Railroad Company; Central Maine & Quebec Railway US Inc.; Dakota, Minnesota & Eastern Railroad Corporation; Delaware & Hudson Railway Company, Inc. (collectively “CP” or “CP/Soo”); The Kansas City Southern Railway Company, Gateway Eastern Railway Company, and The Texas Mexican Railway Company (collectively, “KCSR”).

separate interchange counts pre- and post- the May 3 consolidation of legacy-CP and legacy-KCS IT systems, the new file reports interchange counts at all gateways during May 2025 as “CPRS” interchanges. To preserve the file structure, primary keys associated with KCSR interchanges at Kansas City are retained, but with all values shown as zero (*i.e.*, interchanges at Kansas City between CPKC and third-party carriers are reflected in the CPRS courts).

These changes do not affect the Public version of the Gateway Data File submitted with CPKC’s June Data Submission.

Please contact me with any questions.

Respectfully submitted,

David L. Meyer
