Re: Finance Docket No. 36500 (Sub-No. 6), *Canadian Pacific Ry. – Control – Kansas City Southern (General Oversight)*

Dear Ms. Brown:

I am writing on behalf of Canadian Pacific Kansas City Limited and its U.S. rail carrier subsidiaries (collectively “CPKC”),¹ to provide replacements for the Customer Data Files submitted with CPKC’s June and July 2025 Data Submissions (CPKC-33 and CPKC-39).

The replacement Gateway Data Files (named “STB_FD_36500_6_CUSTOMER_2025_06_202507171556.csv” and “STB_FD_36500_6_CUSTOMER_2025_07_202507151400.csv”) provide corrected values for CPKC Manifest OTP metric (Primary Key 500) (*i.e.*, EP 770 Sub No. 1 - Item 7, Weekly Percentage of Manifest Service Rail Cars Placed Within 24 Hours of Original Arrival Estimate) for the period from May 3 through June 27.

¹ CPKC’s U.S. rail carrier subsidiaries include Soo Line Railroad Company; Central Maine & Quebec Railway US Inc.; Dakota, Minnesota & Eastern Railroad Corporation; Delaware & Hudson Railway Company, Inc. (collectively “CP” or “CP/Soo”); The Kansas City Southern Railway Company, Gateway Eastern Railway Company, and The Texas Mexican Railway Company (collectively, “KCSR”).

The Honorable Cynthia T. Brown

Page Two

As CPKC explained in its July 16, 2025 Update to Service Action Plan (CPKC-41), CPKC discovered a data error that affected (negatively) reported Manifest OTP performance for the period since May 3. Essentially, null values associated with a material number of shipments were replaced with zeroes,² which led to those zero values being averaged into the calculations of average Manifest OTP. The replacement files correct this error.

In addition, the file covering weeks ending in May (STB_FD_36500_6_CUSTOMER_2025_06_202507171556.csv) updates the spelling of CPKC's Southeast and Southwest divisions (at Primary Keys 391-92, 407-08, 428-33, and 470-75).

Please contact me with any questions.

Respectfully submitted,

David L. Meyer

*Attorney for Canadian Pacific
Kansas City Limited*

cc: All Parties of Record

²

A null value indicates the absence of an applicable value rather than a value of zero.
