Public Record

This letter is to voice my concern about the trash train that is being proposed to run through this area. There are so many things that will make that a bad idea. If this goes through, then there will be people with no homes. Bishop Jack Wisor has done so much to help this community. The homeless have a roof over their heads, food to eat, and clothes and a bed. If it were not for the property of the First Apostles' Doctrine Church, there would be homeless on the street with nothing.

So, if this trash train is allowed to go through this area, then people will be getting kicked out of where they are and will lose their place of comfort and safety.

So, if there is just a little bit of compassion, don't let this train go through.

Thank you,

Mary Wolff
