To Whom It May Concern:

I am writing to you because I am a resident at the Just for Jesus Homeless Shelter. Bishop Wisor and this ministry saved my life. I was homeless, living in a park, and losing my will to live.

We don't need a rail way system for garbage. It will close our church, leaving people homeless. This ministry teaches about Jesus and His Life, which we apply for working and learning basic life skills, through faith and hard work.

Bishop Wisor has helped me in many ways. Please don't destroy our church, saw mill and ministry. Please reconsider your decision. Thank you for your time and attention.
