Alan:

This email is to follow up on a statement that CERA provided to the Indiana SHPO in a letter dated, November 5, 2025, regarding potential salvage of track related to the CERA abandonment in the City of Kokomo. In that letter, CERA stated, "The City is negotiating with CERA to acquire the right-of-way and as part of that negotiation is asking CERA to leave the tracks in place that extend from West Jefferson Street to West Jackson Street." CERA understands that this segment of the rail line to be abandoned falls within a historic district.

For clarity, CERA agrees with this request to leave the track in place and therefore, CERA does not intend to undertake any salvage activities of the rail line within the historic district.

Please let me know if you have any questions,

Thank you,

Justin
