Hi Mr. Alexander,

Adam sent me your message. I'm the project manager for the environmental review of the UP-NS merger. I wanted to provide some information regarding your question about GIS files. At this time, OEA will not be sharing GIS files. We are in the process of gathering information and we will be providing an interactive map (including GIS layers) on our project website that will be available for the public.

Let me know if you have any other questions.

Thanks!

Elizabeth

Subject: Question about access to GIS files for UP-NS merger

You don't often get email from calexander@kaplankirsch.com. [Learn why this is important](#)

Good Morning Mr. Assenza,

I am writing to inquire about whether the STB has or will be releasing GIS files for the UP-NS merger (FD 36873). Do you know how the native files, e.g. .shp or .gml files, can be accessed?

Thank you

Christian
