Subject: Union Pacific Railroad Company - Construction and Operation Exemption (Docket No. FD 36854) Request For Comment

To Jill Kramer,

NOAA's National Marine Fisheries Service has reviewed the project information for the Union Pacific Railroad Company's proposal to construct 5 miles of new rail line in Matagorda County, Texas. The proposed project is not located in an area that will impact our trust resources; therefore, we do not have any comments on this proposed action. Thank you!
