Re: Waybill Request WB26-34 & FD 36873

Dear Mr. Denton:

The Surface Transportation Board (STB) has received your request under 49 C.F.R. § 1244.9(b)(4) of July 29, 2026 for permission for continued access to the confidential Carload Waybill Sample (CCWS) with unmasked revenues in connection with FD 36873, Union Pacific Corporation, et al. – Control – Norfolk Southern Corporation, et al. on behalf of BNSF Railway Company (BNSF). Specifically, you request that your access to data granted pursuant to WB25-56 be renewed. WB25-56 granted access to 1990 - 2018 unmasked costed waybill samples (including all records, all fields, and confidential unmasked revenues) for all traffic. Your request will allow BNSF's counsel and consultants to accurately analyze the impacts of the transaction proposed in FD 36873, including traffic patterns, and to prepare verified statements in formal proceedings before the Board on behalf of BNSF.

Based on the complete and sufficiently detailed explanations and justifications contained in your request, you will be authorized to access the requested data. Specifically, you will have continued access to the data already in your possession under WB25-56. This data may only be used for purposes of this proceeding. ***This approval becomes effective when signed agreements from the individuals listed below are received by the STB:***

The expiration date for this agreement is August 31, 2027. Unless you seek and obtain a renewal from the STB, this agreement upon expiration obligates you to return or destroy copies of the data as described in item 7 of the agreement.

Several aspects of the CCWS limit the conclusions that may be drawn from analysis of the CCWS: 1) the CCWS is a sample, and 2) the CCWS is based on terminating shipments from relatively large carriers. Only those railroads with more than 4,500 annual terminating carloads are included in the sample. The limited sampling of small railroads may have a substantial effect on studies covering areas served predominately by non-sampled railroads. For additional

information on the CCWS, *see Reference Guide* @ <https://www.stb.gov/reports-data/waybill> on the Board's website.

The rules for release of waybill data are codified at 49 C.F.R. § 1244.9. The CCWS contains confidential shipper and railroad data. As a result, the CCWS is commercially sensitive and has the potential to cause competitive harm to shippers and railroads if disclosed. Therefore, the following agreement must be signed, and a copy of the signature pages returned to the STB, before any waybill data can be used.

Your signature acknowledges your agreement to comply with the following:

1. You will use the CCWS data released to you solely for purposes of the proceeding identified above. Such purposes include any judicial review arising from that proceeding.
2. Absent permission from the STB, you shall make the information contained in the CCWS (including work product and analyses derived from the CCWS) available only to the individuals identified above. The STB may approve access for additional individuals for purposes of the proceeding. In general, such individuals must be outside counsel in this proceeding, transportation practitioners, and those individuals working with or assisting such counsel or practitioners who are not regular employees of the party represented, who have a need to know, review, or handle the CCWS for purposes of the proceeding, including testifying and consulting experts. Each such additional individual must review and sign this agreement, and a copy of the signature page must be returned to the STB, before access may be granted.
3. Pleadings and evidence filed with the Board in the proceeding may contain CCWS data (including work product and analyses derived from the CCWS). Unless data in the pleadings and evidence are aggregated to the level of at least three shippers and will prevent the identification of an individual railroad, the pleadings and evidence must be filed with the Board under confidential filing procedures (both in e-filing and paper submissions). Such pleadings and evidence should be appropriately marked to indicate that they contain confidential Waybill data and, if submitted in paper or on physical media, be in a package clearly marked on the outside "Highly Confidential Material: Contains Waybill Data." Such pleadings will not be posted in the publicly available docket. A public version of the pleading and evidence that redacts unaggregated CCWS data should also be filed for posting in the public docket.
4. Pleadings and evidence (and underlying workpapers) containing CCWS data (including work product and analyses derived from the CCWS) may be disclosed only to outside counsel or other independent representatives for other parties to

Waybill Agreement WB26-34

the proceeding who have signed an agreement with the Board that grants them access to the underlying CCWS data.

5. CCWS data may be disclosed to the reviewing court in briefs filed or oral argument made in connection with judicial review arising from the proceeding, but the party making such disclosure must take adequate steps to maintain the confidentiality of the data by filing pleadings under seal and seeking confidential treatment of the data at oral argument (and in any transcripts). Counsel who wish to access CCWS data for purposes of participating in judicial review arising from the proceeding must have signed an agreement with the Board that grants access to the data, and may be added pursuant to paragraph 2 above.
6. Except as provided in paragraph 4 above, you will refer any requests for CCWS data in your possession (including work product and analyses derived from the CCWS) to the STB for processing and will inform the requesting party of such referral to the STB. If you are compelled by law or order of a governmental or judicial body to release CCWS data, you shall notify the Board in writing within three days of any determination that CCWS data must be released, and in no event later than five days before the CCWS data is scheduled to be released.
7. In order to retain access to the CCWS beyond the expiration date specified above, you must submit a written request for an annual extension of the agreement no later than thirty days prior to the expiration date and the renewal request must be approved by the Office of Economics. **If an annual agreement is not signed and approved, you must certify by no later than the expiration date that all CCWS data (including all work product and analyses derived from the CCWS) obtained under this agreement has been destroyed or returned to the STB.** Notwithstanding the foregoing, outside counsel (but not outside consultants or transportation practitioners) for each party may retain file copies of all pleadings and evidence filed with the Board and file copies of all work product. The non-disclosure requirements of this agreement shall continue to apply to such file copies for as long as they are retained.
8. Failure to request an extension (if necessary), or destroy or return CCWS data when required, may prevent any future release of CCWS data to you. Violations of this agreement may subject you to sanctions by the Board.

Waybill Agreement WB26-34

After all parties have signed and returned this agreement, the extension is granted.

Sincerely,

MARTIN
SCHLENKER
