**Re: Docket No. FD 36873, *Union Pacific Corp., et al. -
Control - Norfolk Southern Corp., et al.***

Dear Chief of Case Administration:

This letter responds to the September 14, 2026 letter filed by BNSF, CPKC, and CSX concerning Applicants' errata to the Amended Application and the Supplemental Verified Statement of David T. Hunt. Applicants made the corrections to ensure transparency and completeness; none materially affects the Amended Application.

Throughout the application process, Applicants have complied with the Board's rules. When parties raised questions about the application or supporting workpapers, Applicants investigated. When warranted, Applicants filed errata and corrected workpapers. *See* Decision No. 21.

Most of Applicants' errata concern technical issues that resulted in small changes to the outputs of the traffic diversion study sponsored by Mr. Hunt. Because the diversion study outputs inform other analyses, corrections to the diversion study required corresponding revisions to those analyses and to witness statements and workpapers that reflect those analyses.

As requested by BNSF, CPKC, and CSX in their letter, Applicants state that they will not submit additional changes to the diversion study prior to the November 18 comment deadline. That statement does not limit Applicants' ability to respond to any future criticisms of the evidence they have submitted.

Sincerely,

/s/ Michael L. Rosenthal
