**RE: Finance Docket No. 36873 — Union Pacific Corporation and Union Pacific Railroad Company  
— Control — Norfolk Southern Corporation and Norfolk Southern Railway Company**

Dear Parties:

On behalf of the City of Stamps, Arkansas, please accept the enclosed Notice of Intent to Participate and Certificate of Service concerning the above-referenced proceeding before the Surface Transportation Board.

The City is submitting this notice to preserve its right to participate in this proceeding and any related sub-proceedings that may affect the City, its residents, emergency services, traffic flow, public safety, and railroad crossings.

The City recommends that the Surface Transportation Board carefully consider the effects of the proposed transaction on small and rural communities. This should include blocked crossings, emergency-response delays, increased rail traffic, noise, pedestrian and vehicle safety, hazardous-material transportation, and the condition and maintenance of railroad crossings.

The City also recommends that affected local governments be given a meaningful opportunity to provide information and request appropriate safety measures or other conditions before a final decision is made.

The filing of this notice should not be interpreted as the City supporting or opposing the proposed transaction at this time. It is intended to preserve the City's right to review the proposal, gather information from residents, and provide additional comments.

Please include this correspondence and the enclosed documents in your records.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Stacie Mitchell-Gweah', written in a cursive style.

**Stacie Mitchell-Gweah**

Mayor, City of Stamps
