Subject: Docket No. FD 36873, Union Pacific Corporation and Union Pacific Company – Control – Norfolk Southern Corporation and Norfolk Southern Railway Company; Preliminary Consultation

Dear Ms. Gosselin,

The City of Jurupa Valley (City) appreciates the opportunity to comment on the consolidation application of rail operators between Union Pacific and Norfolk Southern. The City of Jurupa Valley is located in northwestern Riverside County, south of San Bernardino County and north of the Santa Ana River. As part of the Inland Empire, the Union Pacific Railroad transverses through the City along Mission/Van Buren Boulevard and is connected with major freeway transportation corridors of the Interstate 15 and State Route 60.

In reviewing the transaction, it is understood that the Mira Loma Auto Ramp Facility in Jurupa Valley, California may be impacted and may experience up to 34 additional truck trips per day. As such, the City would like the State Transportation Board to be cognizant of the City's Mobility Element and the Citywide Truck Route Plan, Ordinance No. 2025-30 adopted December 2025 available at the link below.

<https://www.jurupavalley.org/DocumentCenter/View/4652/25-1204-Public-Hearing-C---Mobility-Element-Update?bidId=>

Additionally, the City's Planning Commission has recently recommended the City Council adopt an ordinance to update the Mobility Element of the Jurupa Valley General Plan in accordance with California Assembly Bill No. 98 and Senate Bill No. 415. This update is scheduled to be heard at a public hearing with City Council on October 15, 2026.

Thank you for the opportunity to review this project. Should you have

any questions or comments, please contact me at
atam@jurupavalley.org.

Sincerely,

A handwritten signature in black ink that reads "A. Tam". The letters are stylized and connected.
