Re: Docket No. FD 36873, Union Pacific Corp., et al. – Control – Norfolk Southern Corp., et al.

Dear Judge Soulikias:

CSX Transportation, Inc. (“CSXT”) writes to provide its first update regarding its response to Applicants’ discovery requests in this proceeding.

To date, CSXT has received twenty-nine discovery requests from Applicants. CSXT has agreed to produce documents in response to a number of those discovery requests, including the data-related requests, and has begun to produce materials in response to those agreed-upon requests. CSXT has also begun meeting and conferring with Applicants regarding a potential custodial search term proposal in response to the other discovery requests and will be providing the information Applicants have requested about that proposal on October 13, 2026 and October 16, 2026. CSXT will continue to meet and confer with Applicants regarding the scope of responsive materials.

CSXT has produced approximately 170 gigabytes of data thus far. CSXT will be producing additional data shortly. Additionally, CSXT will shortly begin producing documents responsive to Applicants’ First Set of Discovery Requests. CSXT will continue to make rolling productions until production is complete.

The chart below summarizes the material CSXT has produced to date.
