Re: Finance Docket No. 36873, *Union Pacific Corp., et al. – Control – Norfolk Southern Corp., et al.*

Dear Judge Soulikias:

CPKC writes to provide its third regular update regarding its responses to discovery requests in this proceeding.

To date, CPKC has received 33 discovery requests from Applicants, including a new set of requests served on October 12, 2026. CPKC continues to confer regarding the scope of responsive materials. Specifically, on September 24, CPKC proposed a list of custodians for whom it intends to conduct searches. On October 5, CPKC supplemented this proposal with a search term proposal, including applicable date ranges, for each request for which CPKC has agreed to conduct a custodial search. On October 13, CPKC met with Applicants to discuss this proposal. Following that meeting, CPKC offered a renewed proposal agreeing to expand its proposed custodian list and date ranges for certain requests and provided Applicants with a revised proposal with hit counts. Applicants shared revised counterproposals last week. While CPKC and Applicants continue to negotiate the full scope of CPKC's custodial search, CPKC has continued to process and prepare its custodial and non-custodial productions in response to the pending requests for which CPKC has agreed to produce responsive materials.

In addition to the 2019-2025 traffic tape and waybill data CPKC exchanged with Applicants last fall, CPKC has made five rolling productions thus far. CPKC will continue to make rolling productions until production is complete.

The chart below summarizes the material CPKC has produced to date.

CPKC Prod. Vol.	**Prod. Date**	**Description**
