Dear Surface Transportation Board,

I am writing to self-nominate for the Passenger Railroad Advisory Committee (PRAC) as a representative from existing intercity passenger rail operators other than Amtrak, or developers of new intercity passenger rail lines. As the Co-Founder of Dreamstar Lines, I bring experience in the development and management of innovative passenger rail services, aligning closely with the PRAC's mission to improve efficiency on passenger rail routes and enhance the passenger experience through sustainable solutions.

At Dreamstar Lines, I have led efforts to pioneer advancements in intercity passenger rail services, focusing on efficiency, sustainability, and the overall enhancement of the passenger experience. This has involved collaborating with private rail owners, such as Union Pacific and state run organizations such as Metrolink and Caltrain as well as rail service providers like Herzog. My background includes significant achievements in planning, executing, and managing passenger rail projects that prioritize modern, efficient, and environmentally friendly rail solutions.

I am committed to contributing meaningfully to the PRAC's goals, bringing a wealth of experience and a unique perspective on the development of new intercity passenger rail lines. As we continue to expand our service across the country, I am willing and eager to serve as a member of the PRAC in a representative capacity, understanding the dedication required to foster the committee's objectives of improving passenger rail service across the nation.

My nomination reflects Dreamstar Lines' dedication to advancing the passenger rail industry in the United States, supporting the Surface Transportation Board's goals of promoting efficient, innovative, and accessible rail transportation. I believe my involvement in the PRAC will significantly benefit its efforts to enhance passenger rail services and contribute to the broader objectives of the Surface Transportation Board.

Thank you for considering my nomination. I am confident in my ability to make a substantial contribution to the PRAC and look forward to the possibility of serving on this important committee.

Sincerely,

Joshua Dominic
