RE: Re: Finance Docket No.35952, Great Lakes Basin Transportation, Inc. – Authority to Construct and Operate a Rail Line in Indiana, Illinois and Wisconsin

Dear Ms. Rutson:

I oppose this proposed project which will cut across our 100-year-old farm and disrupt the living of our family.

GLBT has failed to provide economic data which would show that the trains already in existence in the Chicago area would use this railroad.

GLBT has also refused to make public the investor's names so we have no way of knowing the financial capabilities of this project's construction or the capital to operate a railroad.

Quite frankly, I see no benefit in Great Lakes Basin Transportation creating this railroad as they are not a railroad company, have no experience in this area and they have no trains that have agreed to run on this track.

Thank you for your consideration,
