GLBT Application

Christine Schroeder
7700 Richardson Ln.
Tinley Park, IL 60487
cs7700@comcast.net

I am opposed to the GLBT for many reasons. It will impact many things negatively such as agriculture, schools, transportation, and general way of life; I feel the negatives outweigh anything they think is positive about this plan. How can a non-government entity take land via eminent domain? That shouldn't be! The proposed rail port is 5 times larger than the current largest one in the country! Rail, airport, tollway, utility easement and on and on. We don't even know where or what country this "private money" is coming from and that needs to be disclosed! PLEASE STOP THIS NOW; you'll be ruining too many lives!
