Public Record

As a resident along the proposed Great Lakes Basin Transportation route, I am writing to request transparency and identification of the shareholders / investors funding the Great Lake Basin Transportation. I have the right to the identity of the person(s) who is/are trying to take land by eminent domain for private profit.

This route will decrease the property value of my 2017 new construction home, endanger my families life by adding five rail crossings within close proximity to my home, ruin my neighbors farm land by cutting it in half, endanger their livestock with added livestock crossings, pollute our land, slow down emergency vehicles that are already slow to respond in the rural areas. These investors must be identified.

Thank you
Jennifer Collette
