Part of  
Public Record

concerned citizen

In the above mentioned docket #, I am concern about the lack of public input regarding the railroad and trail plan with the local Fishers and Noblesville government officials.

I would like to address this will leave Fishers with the lack any form of train service, commuter rail, passenger service or freight hauling capacity.

I am concern for the impediment to rail service caused by the Port Authority's suspension of rail operations from Noblesville thru Fishers to Indianapolis.

I have concerns for the process that was use in selecting a new railroad operator which only runs on the North portion of the railroad.

Respectfully submitted,  
Steve Trimble
