Re: **Docket No. FD 36202**
Buckingham Branch Railroad Company – Change in
Operators Exemption – Cassatt Management, LLC d/b/a
Bay Coast Railroad

Dear Ms. Brown:

I write on behalf of Dynaric, Inc. (“Dynaric”) in support of Buckingham Branch Railroad Company’s (“BB”) request for authority to commence local rail operations by August 1, 2018, in place of the current operator, Bay Coast Railroad (“BCR”). Dynaric is concerned that a timely, STB-approved change of rail operators is necessary to assure that our service is not significantly disrupted.

We provide customer-customized plastic stripping packaging materials and machines to fabricate the same. We are aware of ongoing service issues with BCR and understand that it is struggling those of local customers, including ourselves. Dynaric is concerned about BCR’s service beyond the end of this month and our ability to provide shipping materials essential to further commerce, and, therefore, we respectfully urge the Board to permit BB to begin operations in the Norfolk area no later than August 1, 2018, in keeping with BB’s recent waiver petition.

I appreciate the Board’s consideration of this letter filing.

Sincerely,

Steve Long
