GLBT Application

Linda Shafer
19600 Snowmass Rd
Mokena, IL 60448-
linda@lindashafercom

I am opposed to the GLBT. It will impact many things negatively such as agriculture, schools, transportation, and general way of life. How can a non-government entity take land via eminent domain? The proposed rail port is 5 times larger than the current largest in the country. Rail, airport, tollway, utility easement and on and on. We don't even know where or what country this "private money" is coming from. We need to know who is doing this?
