Public Record

FD 35952

My name is Ray Lovell, 17825 w 1000 n rd, Reddick, IL. I am writing to request that all plans for the GLTB be halted immediately. To allow this railway to proceed would cause great economic, environmental, social and safety concerns for all of the families and communities involved.

As a tax payer, community member, homeowner and farmer, I am respectfully requesting that the construction of the GLTB be disallowed by the Surface Transportation Board.

Thank You,

Ray Lovell

Reddick, IL 60961
