I would like to express my support of the proposed rule modification for railbanking negotiations to establish a one-year period for any initial trail use negotiations, instead of the existing 180 days; to permit up to three one-year extensions of the negotiating period; and to permit additional one-year extensions if the trail sponsor and the railroad agree and good cause is shown. I DO NOT support the language that additional extensions beyond three "are not favored" as part of the good cause standard. I see no benefit in this provision. I am involved with trail development in Ohio and this rule change would be very helpful and beneficial to the public. Please support this rule change, but eliminate the language indicating that more than three extensions are "not favored". Thank you for the opportunity to comment.
