Public Record

My name is Dawn Lovell, 17825 w 1000 n rd, Reddick, IL. I am writing to request that all plans for the GLTB be halted immediately. To allow this railway to proceed would cause great economic, environmental, social and safety concerns for all of the families and communities involved.

As a tax payer, community member, homeowner, educator and farmer, I am respectfully requesting that the construction of the GLTB be disallowed by the Surface Transportation Board.

Thank You,

Dawn Lovell
