Message: I just wanted to take the time to mention my concerns regarding the removal of the rail road and train service and about the seeming lack of public input prior to the decision being made. I frequent Forrest Park in Noblesville and have used the Fair train many times. Very disappointed in this decision moving forward. I realize a greenway / bike trail is in vogue at the moment and things like the Monon have been great for their communities. The Nickel Plate has been something truly unique to the communities it comes in contact with and should be built upon, enriched, sustained and likewise touted as being great for the local communities and a draw for our area.

I certify that I have this day served copies of the document upon the Applicant in this proceeding, by [U.S. Mail or E-mail].

Signature /s/[Johnathon Grimes]
