Dated: March 1, 2018

On January 17, 2013, the Surface Transportation Board granted the pooling application filed by North American Chassis Pool Cooperative, LLC ("NACPC") and also approved a streamlined notification procedure for new members. That Decision provided that entities seeking to join NACPC shall file with the Board a notice that includes a description of the carrier (including, but not limited to the number of international intermodal chassis owned or leased by the carrier and a copy of the carrier's current federal motor carrier authority), reference to this proceeding's docket number (MCF 21050), and a showing that the carrier agrees to be bound by the terms of the approved pooling agreement.

In accordance with said Decision, Evans Delivery Co., Inc. ("Evans"), hereby states that it seeks to join NACPC. Evans does not currently own any chassis, but has a one year lease term on approximately 551 international chassis. A copy of Evans' current federal motor carrier authority is enclosed, and as indicated by the signature below, Evans agrees to be bound by the terms of the approved pooling agreement.

Respectfully Submitted,

A handwritten signature in black ink, consisting of a series of loops and a long horizontal stroke extending to the right.

Dear Motor Carrier:

The following USDOT Identification number has been assigned to your company:

38111

The USDOT number needs to be marked on your commercial motor vehicles as required by Section 390.21 of the Federal Motor Carrier Safety Regulations (FMCSR). A copy of this regulation is enclosed. All commercial motor vehicles operated in interstate or foreign commerce must be marked with a USDOT number. Those vehicles marked with an ICC MC number as of July 3, 2000, must display a USDOT number by July 3, 2002. The marking requirements assure submission of accurate data to our agency by enforcement personnel and assist the general public in identifying a particular commercial motor vehicle.

For-hire motor carriers requiring operating authority may obtain an application by calling (202) 358-7000 or by accessing the following internet website:

<http://dly.dot.gov>

Regulatory information may be obtained from the Federal Motor Carrier Safety Administration website:

<http://www.fmcsa.dot.gov>

If you receive more than one of these letters referencing different USDOT numbers, please contact the office shown below to determine which number is most appropriate. This office can also be contacted for any questions you may have about regulatory compliance:
