MONARCH VENTURES INC.

-- ACQUISITION OF CONTROL OF ASSETS AND BUSINESS OPERATIONS --

QUICK COACH LINES LTD. AND VANCOUVER TOURS AND TRANSIT LTD. D/B/A
CHARTER BUS LINES OF BRITISH COLUMBIA

VERIFIED APPLICATION
OF
MONARCH VENTURES INC.

Applicant Monarch Ventures Inc. ("Monarch" or "Applicant") of 361 1st Street SE, Medicine Hat, Alberta T1A 0A5 Canada pursuant to 49 U.S.C. 14303 and 49 CFR 1182.1 et. seq., seeks Surface Transportation Board ("Board") approval to acquire control of the assets and business operations of the following federally-authorized motor passenger carriers: Quick Coach Lines Ltd. ("QCL") and Vancouver Tours and Transit Ltd d/b/a Charter Bus Lines of British Columbia ("VTT"), collectively referred to as the "Carriers" from Royal City Charter Coach Lines Ltd., a non-carrier ("Royal"). Royal currently owns 100% of the Carriers. Monarch currently owns 100% of Traxx Transportation Ltd. ("Traxx"). Royal and Monarch have entered into a transaction by which QCL, VTT and Traxx will be owned by a non-carrier, 1997553 Alberta Ltd. ("AlbertaCo"), of which Monarch will own 77.2% of the shares and Royal will own 22.8%. Upon completion of the transaction, Monarch will control QCL and VTT, which are

now owned by Royal. Monarch will continue to control Traxx through its control of AlbertaCo.

In support of this Application, Monarch states as follows:

REQUEST FOR EXPEDITED BOARD ACTION

Applicant respectfully requests that the Board expedite its processing and treatment of this Application, and, if possible, publish a tentative decision in this matter within 15 days of this application's filing or as soon thereafter as possible. Such expedited processing is within the Board's statutory authority and is consistent with its obligation to promote the public interest. This transaction will be virtually invisible to the public who will continue to receive the same level of service as is now provided by the Carriers and Traxx, albeit with a different business structure than the one now in place. In effect, the business now conducted collectively by three separate entities will, upon closing of the transaction following approval by the Board, continue to be conducted by the same entities but controlled by the Applicant through its control of AlbertaCo. The transaction itself will not close until the Board's approval has been obtained. Thus, an expedited decision will reduce transactional uncertainty and facilitate the Applicant's strategic business planning and transition efforts.

2. Information about the Parties

Applicant:

Monarch owns Traxx. The principal of Monarch has a variety of business interests in Canada and the United States, including ownership of several minor league hockey and baseball teams. He has also been involved in the cable television and broadcasting business in Canada for more than 50 years and is a director of Shaw Communications, Inc. (www.shaw.ca).

Royal owns QCL and VTT. The principals of Royal have a successful track record in the motor coach business. QCL and VTT are strong companies with excellent operating histories.

Earlier this year, the principals of Monarch and Royal saw an opportunity combine the financial strength of Monarch with the operating strength of Royal and agreed to enter into this transaction by which a jointly owned subsidiary, AlbertaCo, would own the Carriers and Traxx and the principals of Royal would be the principal managers of all of them with the goal of increasing revenues through enhanced marketing, investment in new products and selected strategic acquisitions, and to increase profitability of all three through operational improvements.

Carriers:

Monarch controls Traxx Transportation Ltd., a passenger carrier operating in western Canada and the western United States pursuant to authority granted in Docket No. MC-215048.

Royal controls Quick Coach Lines Ltd., a passenger carrier operating between various points in southern British Columbia, Seattle and SeaTac Airport pursuant to authority granted in Docket No. MC- 205116; and Vancouver Tours and Transit Ltd. d/b/a Charter Bus Lines of British Columbia, a passenger carrier operating in western Canada as well as the western United States pursuant to Docket No. MC-212649;

3. Description of the Proposed Transaction

Applicant has entered into an agreement with Royal by which AlbertaCo will acquire 100% of the shares (including all of the assets, vehicles and business operations) of the Carriers and Traxx (the "Agreement"). Attached as Exhibit A are two schemas, the first shows the existing ownership of the Carriers and Traxx and the second shows how ownership of the Carriers and Traxx will change when the transaction is completed. The Agreement is scheduled to close no earlier than December 19, 2016, but in any event not before Board approval of this Application. Applicant is not a carrier and will not be a carrier after the Agreement closes. Applicant and Royal will operate the Carriers and Traxx through AlbertaCo, which is also not a carrier and will not be a carrier after the Agreement closes. Applicant's acquisition of the shares which will give it control of the assets and business operations of the Carriers requires Board authorization pursuant to 49 USC §14303(a)(4).

4. Affiliated Motor Passenger Carriers, their Operations and Relationships

Except for the Carriers and Traxx, there are no other affiliated carriers involved in the application. The Applicant's interests are not affiliated with any carriers other than those described. Royal is not affiliated with any carriers other than those described above. There will be no change in the operations of any of the Carriers or Traxx except to the extent that the principals of the Applicant and Royal are able to make improvements in them.

5. Jurisdiction Statement

The Board has jurisdiction over this matter under 49 USC 14303(g), because the annual aggregate gross operating revenues of the Carriers significantly exceed \$2 million.

6. Environmental Impact

The parties assert approval of this application will not constitute a Federal action having a significant effect on the quality of the human environment and the conservation of energy resources. There will be no operational changes as a consequence of the transaction described in this application.

7. Consistency with the Public Interest

Adequacy of Transportation Services to the Public

The proposed transaction will have no adverse impact on the adequacy of transportation services available for the public.

The proposed transaction involves the acquisition of businesses owned and operated by Royal, a respected bus industry organization, by Monarch, a strong Canadian non-carrier which controls the other carrier in the transaction. Importantly, the management team of Royal, an established non-carrier, which controls the Carriers, will continue to run the operations of the Carriers after the transaction closes.

Monarch intends to continue the businesses of the Carriers and Traxx essentially in the same manner in which they are now being conducted. The public will not be affected by the transaction.

Fixed Charges

The proposed transaction will have no effect on total fixed charges.

Employee Interests

No carrier employees will be adversely affected by the contemplated transaction as there will no change in the day-to-day operations of the Carriers.

8. Safety Fitness Ratings

Each of the Carriers has a satisfactory safety rating, as shown on Exhibit B attached.

9. Insurance

Each of the Carriers has in place the required \$5 million of BIPD insurance, as shown on Exhibit C attached.

10. Mexican Domicile or Control

Applicant is not domiciled in Mexico or controlled by persons of that country.

Respectfully submitted,

For Monarch Ventures Inc.
