Public Record

Please Motion for the Protective Order be denied!!!

We are in close proximity to the proposed line and the peace and quite will be greatly impacted thus causing a decrease in market value and in the values we hold dear to country living.

In addition, we also have 40+ acres of family land that will be divided by thus line. The farm has been in the family for over 100+ years and is a historical site for our family. This rail line will not only affect its value but also the accessibility of the land. The address is 4001 S. Afton Road Beloit WI, 53511. In order to receive appropriate access, we will not have the funds to afford insurance for the crossing section on our property. This leaves our family and the safety of the community at a great disadvantage.

As a Health Clinician in the area, this addition will affect the psychosocial state of not only our community but the corresponding citizens. How can we protect our patients when our government is deliberately placing them in harms way?

Yours truly,

James Plasky
