I am writing and asking you to deny the motion GLBT made for an order of protection to withhold finances from the public. I am also asking to not even let GLBT be able to put in the railroad through our neighborhood. The thought of trains coming by my house every 15 minutes, the thought of a train derailing and hazardous materials being spilled, the loss of beautiful land, homes and friends and the thought of it taking much longer to get to work, town, etc. Stop the Madness!!!
