I am opposed the great lakes basin transportation project. A railroad of that magnitude will create PROBLEMS FOR POLICE. When an emergency arises for a hardworking policeman they need to respond as quickly as possible to protect and serve. In certain situations response time makes all the difference between LIFE AND DEATH. I am a SUPPORTER OF THE POLICE and this railroad project will surely give them problems. DO YOU NOT SUPPORT THE HARDWORKING MEN AND WOMEN OF LAW ENFORCEMENT? I am against the railroad project for the reasons of how it will affect the police. STOP THIS PROJECT ONCE AND FOR ALL!
