These are NARPO's comments on the proposed EP 747 rulemaking.

When reading the EP 747 Rulemaking from the STB web site, we see that it is wide formatted instead of normal 8 inch wide formatting and this makes it very difficult to read the rulemaking as posted.

Also could the STB clarify what Pay.Gov accepts in the way of "bank account" as shown below in a quote taken from the proposed rulemaking. Does "bank accounts" include electronic wire transfers? NARPO would think that accepting wire transfers would be helpful for those filing certain requests such as for a new railroad application which has a fee of over \$1.7 million. Small 501(c)(3) non-profits such as NARPO have bank accounts but do not have credit cards so wire transfer is NARPO's preferred method of payment.

Section taken from proposed rulemaking:

"[3] Pay.gov currently allows payment through the following four methods, all of which the Board would accept: bank accounts, credit cards, debit cards with a MasterCard or Visa logo, and digital wallet."

Thank you for the opportunity to comment on EP 747.
