Railbanking

James A. Zarifis
308 S Main St
Newtown CT 06470-06470
jim@zarifis.com

Railbanking is crucial to the development of rail-trails across the US. It is important to preserve this open space for PUBLIC use for people now and in the future.

This is important for quality of life for generations to come.

Please preserve and make the process easier for rail-trails to be created and preserved.

Thank you.
