I am a farmer in the route of the proposed Railroad. Our Ground has been developed! (No-till Conservation farming for over 30 years and have been farming this land since I came out of the Korean War in 1954) this action by the Great Lakes Basin Transportation would take us another 25 years in order get to where we are now in our production. Please Deny this Railroad and the Protective Order they seek. We should be able to know who is Taking our land. Please Deny The Great Lakes Basin Transportation from this heinous act of aggression against the farming industry and our conservation practices I have spent a lifetime to achieve. Signed Lowell Hayes Farmer, Owner, Operator, US Army Combat Veteran with two Purple Hearts and a Bronze Star with V device for Valor.
