**RE: Docket No. NOR 42125, E.I. du Pont de Nemours and Company v.
Norfolk Southern Railway Company**

Dear Ms. Brown:

Enclosed for filing in the above-captioned case please find the First Amended Complaint of E.I. du Pont de Nemours and Company ("DuPont"). This First Amended Complaint is materially the same as the original Complaint filed by DuPont on October 7, 2010, except that Exhibit A has been modified as follows:

1. Lanes 1, 4 and 8 of the original Exhibit A have been deleted.
2. Lanes 23 through 25 of the First Amended Exhibit A have been added.

Furthermore, Exhibit B has been modified as follows:

1. Lanes 3, 26, 31 and 70 of the original Exhibit B have been deleted.
2. Lanes 125 through 142 of the First Amended Exhibit B have been added.
3. The commodity description for Lane 91 has been corrected.

These changes result in the deletion of seven lanes from the original Complaint, and the addition of twenty-one lanes in the First Amended Complaint. The added lanes cover new movements for which NS recently published common carrier tariff rates.

If you have any questions, please do not hesitate to contact the undersigned.

Sincerely,

Jeffrey O. Moreno

FIRST AMENDED COMPLAINT

COMES NOW Complainant, E.I. du Pont de Nemours and Company ("DuPont"), 1007 Market Street, Wilmington, DE 19898, and files this First Amended Complaint against Defendant, Norfolk Southern Railway Company ("NSR"), Three Commercial Place, Norfolk, VA 23510. DuPont brings this Amended Complaint pursuant to 49 U.S.C. §§ 10701, 10704, 10707, 11701 and 11704, and 49 C.F.R. Part 1111. DuPont requests that the Surface Transportation Board ("STB" or "Board") prescribe reasonable rates and service terms for NSR's transportation of the movements set forth in Exhibits A and B to this Amended Complaint. DuPont asks the Board to award damages, plus interest, to the extent that DuPont has paid or will pay common carrier rates in excess of a reasonable maximum rate for such transportation, beginning on June 1, 2009. DuPont asks this Board to determine the reasonableness of NSR's rates using the constrained market pricing principles and procedures adopted in *Coal Rate Guidelines—Nationwide*, Ex Parte No. 347 (Sub-No. 1), 1 I.C.C. 2d 520 (1985), as further refined and applied in subsequent decisions issued by the Interstate Commerce Commission and the Board.

In support of this Amended Complaint, DuPont states as follows:

The Parties

1. DuPont is a corporation organized under the laws of the State of Delaware, with its principal place of business in Wilmington, Delaware. DuPont is a science company. It combines biology and chemistry to manufacture products that meet societal needs for safe and abundant food, alternative fuels, fibers such as Kevlar® and Nomex® (used to protect first responders, police and military personnel), and other sustainable solutions that enable a better, safer and healthier life for people everywhere. In the United States, DuPont employs over 26,000 workers in 47 states. In addition to providing jobs and tax revenues to communities in nearly every state in the Union, DuPont is a vital contributor to our nation's balance of trade -- in 2009, the Company was our nation's 11th largest exporter. DuPont is a major user of rail service to transport materials and products that it consumes and produces at its facilities in the United States and that it sells to customers domestically and around the world.

2. NSR is a Class I common and contract carrier by railroad that engages in the transportation of property in interstate and intrastate commerce. Its headquarters are in Norfolk, Virginia. NSR is subject to the Interstate Commerce Commission Termination Act of 1995 (49 U.S.C. §§ 10101 *et seq.*) and to the jurisdiction of the Board.

Description of the Issue Movements

3. In this Amended Complaint, DuPont challenges the reasonableness of NSR's rates for the movement of 27 commodities between 160 origin and destination pairs set forth in Exhibits A and B.

4. NSR transports the commodities between the points identified in Exhibit A in single line service. Lanes in Exhibit A have been subject to NSR tariff rates since June 15, 2010 or May 4, 2011, as specified in the Exhibit.

5. NSR transports the commodities between the points identified in Exhibit B in joint line service. NSR has published AAR Accounting Rule 11 rates for these movements. The lanes in Exhibit B, Part 1, have been subject to NSR tariff rates since June 1, 2009. The lanes in Exhibit B, Part 2, have been subject to NSR tariff rates since June 15, 2010. The lanes in Exhibit B, Part 3, have been subject to NSR tariff rates beginning on various dates between June 1, 2009 and May 4, 2011, as specified in the Exhibit. DuPont has contracts with the connecting carriers for each of the movements in Exhibit B.

The Challenged Rates

6. Prior to June 1, 2009, NSR transported the commodities between the points identified in Exhibit A and Part 1 of Exhibit B pursuant to a Master Contract with DuPont. Upon expiration of the Master Contract, the common carrier tariff rates that currently are consolidated in NSRQ 64869 and 65720 became applicable, as specified.

7. Prior to June 15, 2010, NSR transported the commodities between the points identified in Exhibit A and Part 2 of Exhibit B pursuant to a Master Contract with DuPont. Upon expiration of the Master Contract, the common carrier tariff rates that currently are consolidated in NSRQ 65718, 65720, and 70022 became applicable.

8. Between June 1, 2009 and May 4, 2011, NSR published the rates in Part 3 of Exhibit B for new DuPont traffic. NSR published these common carrier tariff rates that currently are consolidated in NSRQ 65720 and 70022 became applicable.

9. Over two-thirds of the challenged rates have R/VC ratios above 300% and more than half of the challenged rates have R/VC ratios above 400%. Six of the challenged rates have R/VC ratios above 600% and eight rates exceed 700%.

10. In this Amended Complaint, DuPont challenges the reasonableness of the NSR tariff rates identified in Exhibits A and B, as of the dates specified for each lane in those exhibits.

Jurisdictional Allegations

11. NSR possesses market dominance over the movements in Exhibits A and B. Therefore, pursuant to 49 U.S.C. § 10707, the Board has jurisdiction over the rates and services provided by NSR and challenged by DuPont as unreasonable.

12. The rates charged by NSR and challenged by DuPont for each of the movements in Exhibits A and B exceed 180 percent of NSR's variable cost for the service requested by DuPont, as determined in accordance with 49 U.S.C. § 10707(d)(1).

13. There is a lack of effective competition from other rail carriers for each of the movements in Exhibits A and B because NSR is the only rail carrier that provides service at either the origin or the destination. There is a lack of effective competition from non-rail modes for each of the movements in Exhibits A and B.

Requested Relief

14. NSR's common carrier rates for handling the movements in Exhibits A and B are unreasonable and violate 49 U.S.C. §§ 10701(d)(1) and 10702, which require NSR to establish reasonable rates. The Board should order NSR to cease these violations and it should prescribe maximum reasonable rates pursuant to 49 U.S.C. § 10704(a)(1).

15. The Board should award reparations to DuPont, as provided under 49 U.S.C. § 11704(b). The reparations should compensate DuPont for any and all amounts paid in excess

of the reasonable rates prescribed by the Board pursuant to this proceeding, plus interest, beginning on the dates specified for each of the lanes in Exhibits A and B.

16. The Board should prescribe a maximum reasonable rate and award reparations for a combined period of ten years, beginning June 1, 2009.

17. This Amended Complaint includes any and all adjustments to the challenged rates, including adjustments to the applicable fuel surcharges, and any new rates established by NSR for the services described herein.

WHEREFORE, Complainant, E.I. du Pont de Nemours and Company prays that the Board:

- (1) require Defendant, Norfolk Southern Railway Company, to answer the charges alleged herein;
- (2) assign this Amended Complaint for hearing under 49 C.F.R. Part 1111 and the stand-alone cost approach adopted in *Coal Rate Guidelines—Nationwide*, Ex Parte No. 347 (Sub-No. 1), 1 I.C.C. 2d 520 (1985);
- (3) after due hearing and investigation, find that the NSR's common carrier rates applicable to the transportation of the commodities and movements in Exhibits A and B of this Amended Complaint are unreasonable;
- (4) prescribe just and reasonable rates and related rules and service terms for the future applicable to the rail transportation of the DuPont traffic in Exhibits A and B, pursuant to 49 U.S.C. §§ 10704(a)(1) and 11701(a);

- (5) award DuPont reparations, plus applicable interest, in accordance with 49 U.S.C. § 11704 for unlawful rates set by NSR for the period beginning June 1, 2009 to the effective date of a decision by the Board prescribing just and reasonable rates; and
- (6) grant such other and further relief to DuPont as the Board may deem just and proper under the circumstances.

Respectfully submitted,
