Re: STB Finance Docket No. 35412, Middletown & New Jersey
Railroad, LLC -- Lease and Operation Exemption -- Norfolk
Southern Railway Company

Dear Ms. Brown:

Attached for e-filing is the Reply of Middletown & New Jersey
Railroad, LLC to the Petition To Reopen filed by United
Transportation Union-New York State Legislative Board.

If you have any questions, please contact me.

Sincerely,

A handwritten signature in black ink that reads "Karl Morell". The signature is fluid and cursive, with the first and last names clearly legible.

BEFORE THE
SURFACE TRANSPORTATION BOARD

STB FINANCE DOCKET NO. 35412

MIDDLETOWN & NEW JERSEY RAILROAD, LLC
--LEASE AND OPERATION EXEMPTION--
NORFOLK SOUTHERN RAILWAY COMPANY

REPLY TO UNITED TRANSPORTATION UNION-NEW YORK STATE
LEGISLATIVE BOARD'S PETITION TO REOPEN

Middletown & New Jersey Railroad, LLC ("M&NJ"), hereby replies in opposition to the Petition To Reopen filed with the Surface Transportation Board ("Board") by Samuel J. Nasca, for and on behalf of United Transportation Union-New York State Legislative Board ("UTU") on May 22, 2012 ("Petition").

BACKGROUND

On August 31, 2010, M&NJ filed its Verified Notice of Exemption, pursuant to 49 C.F.R. Part 1150, Subpart E—Exempt Transactions Under 49 U.S.C. 10902, to permit M&NJ to lease and operate certain rail lines from Norfolk Southern Railway Company ("NS"); sublease connecting track owned by New York, Susquehanna & Western Railway ("Leased Lines") and receive incidental overhead trackage rights ("Notice of Exemption"). On September 23, 2010, UTU filed a petition for stay to which M&NJ replied on September 28, 2010. On September 27, 2010, UTU filed a petition to revoke or reject ("Petition to Revoke") to which M&NJ replied on October 15, 2010. By decision served September 29, 2010, Chairman Elliott imposed a

housekeeping stay of the effective date of the Notice of Exemption until October 7, 2010. By decision served October 6, 2010, the Board denied the petition for stay.

By decision served December 23, 2010, the Board instituted a proceeding to consider the Petition to Revoke. In so doing, the Board ordered M&NJ to serve a copy of the Board's decision on all shippers on the Leased Lines since commencing operations. The Board invited interested parties to submit comments and evidence by February 4, 2011, and responses to the opening submissions by February 22, 2011. On February 4, 2011, UTU filed its Supplemental Evidence and Argument ("Supplement"). On that same day, NS filed its comments and M&NJ forwarded the comments of JCI Jones Chemical, Inc., Ampac Paper LLC, American Lumber Company and Reed Systems LTD. On February 22, 2011, M&NJ filed its reply ("February Reply").

By decision served September 23, 2011, in this proceeding, the Board denied UTU's Petition to Revoke. On October 13, 2011, UTU filed its Petition For Reconsideration to which M&NJ replied on October 26, 2011 ("October Reply"). On November 15, 2011, UTU filed a motion to strike the October Reply to which M&NJ replied on December 2, 2011.

By decision served May 2, 2012, the Board granted, in part, UTU's motion to strike but denied the Petition For Reconsideration ("May Decision"). UTU now seeks to reopen this proceeding.

REPLY

Pursuant 49 C.F.R. § 1115.4, a party seeking to reopen an administratively final decision, such as the May Decision, must "state in detail the respects in which the proceeding involves material error, new evidence, or changed circumstances...." Moreover, the decision to grant or deny a petition to reopen is within the sound discretion of the Board, and only on a showing of a

clear abuse of that discretion could a court overrule the agency. *See, e.g., ICC v. BLE*, 482 U.S. 270, 278 (1987). UTU claims that the May Decision involves material error.

In the past 20 months, UTU has filed six pleadings in this proceeding not counting its Motion For Protective Order. Moreover, UTU's theories and arguments have morphed from filing to filing. For example, in its Petition to Revoke, UTU confused M&NJ with the prior owner of the Middletown to Slate Hill, NY rail line (the "Line") and argued that the transaction was beyond the scope of the class exemption because there were too many agreements and too many rail carriers involved, M&NJ being one the involved carriers. In its Petition For Reconsideration, UTU backtracked and argued that M&NJ was not a rail carrier when it filed its Notice of Exemption.

UTU now argues that M&NJ was not a carrier when M&NJ filed the Notice of Exemption because all of the cars (both empty and loaded) listed in the Interchange Report attached as Exhibit 5 to the February Reply were for storage on the Line. UTU, however, does not have a shred of evidence to support this argument. UTU asks the Board to require M&NJ to submit better data demonstrating that it was a common carrier before it filed the Notice of Exemption. Ironically, when M&NJ has attempted do so, UTU moved to strike the data.¹

The information of record in this proceeding overwhelmingly demonstrates that M&NJ was common carrier well before it filed the Notice of Exemption.

The March 11, 2011, Railroad Retirement Board decision, introduced into the record by UTU, found that M&NJ became a common carrier as of April 6, 2009.

UTU's only support for its contention that all of the cars listed on the Interchange Report were storage cars is the fact that M&NJ advertises on its web site that M&NJ offers empty and

¹ M&NJ believes it is fundamentally unfair for the Board to allow UTU constantly to change its argument but not allow M&NJ to rebut the new argument with facts.

loaded car storage. Car storage is listed as "additional services" provided by M&NJ and UTU conveniently ignores the fact that M&NJ primarily advertises its common carrier rail operations. Consequently, under UTU's logic all of cars interchanged with NS were in the normal course of common carrier operations.² The Interchange Report clearly demonstrates that between April 7, 2009 and October 4, 2010, 222 loaded cars moved inbound and 234 loaded cars moved outbound. It is simply not possible to have more loaded cars moving outbound than moved inbound when all of the cars were placed in storage. Clearly, at least some of cars were loaded by customers located on the Line or utilized M&NJ's transload facilities. After all, empty stored cars do not load themselves.

Also, when M&NJ took over operations on the Line in April 2009, there was one major rail-served customer, Genpak, located on the Line. UTU would have this Board believe that that customer sat idly by for 16 months without complaint to the Board before M&NJ commenced rail service.

Information of M&NJ's past rail operations is also publicly available. There is a video on YouTube at <http://www.youtube.com/watch?v=79DSs92Qz0o> which was uploaded on February 20, 2010, over 6 months before the Notice of Exemption was filed. The video shows extensive operations by M&NJ. Specifically, starting at about 2.22 minutes into the video, M&NJ is shown serving its mainstay customer: Genpak.

Attached as Exhibit 1 is an updated Interchange Report for the time period between May 3, 2010 and October 28, 2010. The first 6 pages list inbound cars interchanged from NS to M&NJ and pages 7 through 21 list the outbound cars interchanged from M&NJ to NS. The purpose of this updated Interchange Report is to list the car reporting marks and numbers to

² M&NJ readily concedes that some of the empty cars listed on the Interchange Report were cars placed in storage on the Line.

further demonstrate that none of the loaded cars listed in the original Interchange Report were for storage. For example, on May 18, 2010 (page 2), NS interchanged to M&NJ car number ARMN 767081 containing a load of potatoes. That same car was interchanged back to NS empty on May 19, 2010 (page 7). On June 11, 2010, (page number 3) NS interchanged to M&NJ car number ADMX 51280 containing a load of soybean. That same car was interchanged back to NS empty on June 17, 2010 (page 9). The updated Interchange Report unequivocally demonstrates that the loaded cars listed on the original Interchange Report moved to or from a customer located on the Line or utilized M&NJ's transload facilities.

What is most perplexing and distressing about UTU's latest arguments in this proceeding is the fact that UTU employees of NS were, or should have been, fully aware these facts. At the time at issue, NS interchanged traffic with M&NJ in M&NJ's yard. The NS trains were crewed by UTU members. Each of these UTU employees had access to the waybills which identified the origin and destination of the traffic, the customer's name and commodity being shipped. During the entire duration of this proceeding, UTU knew that M&NJ was transporting traffic to and from the Line prior to the filing of the Notice of Exemption. It thus appears that UTU has intentionally misled the Board and continues to do so in the Petition.

CONCLUSION

M&NJ respectfully urges the Board to deny the Petition. The evidence of record in this proceeding overwhelmingly demonstrates that M&NJ was an active rail carrier on the day it filed its Notice of Exemption.

Respectfully submitted,

KARL MORELL
